

How can I place my Amazon orders with Printrove?

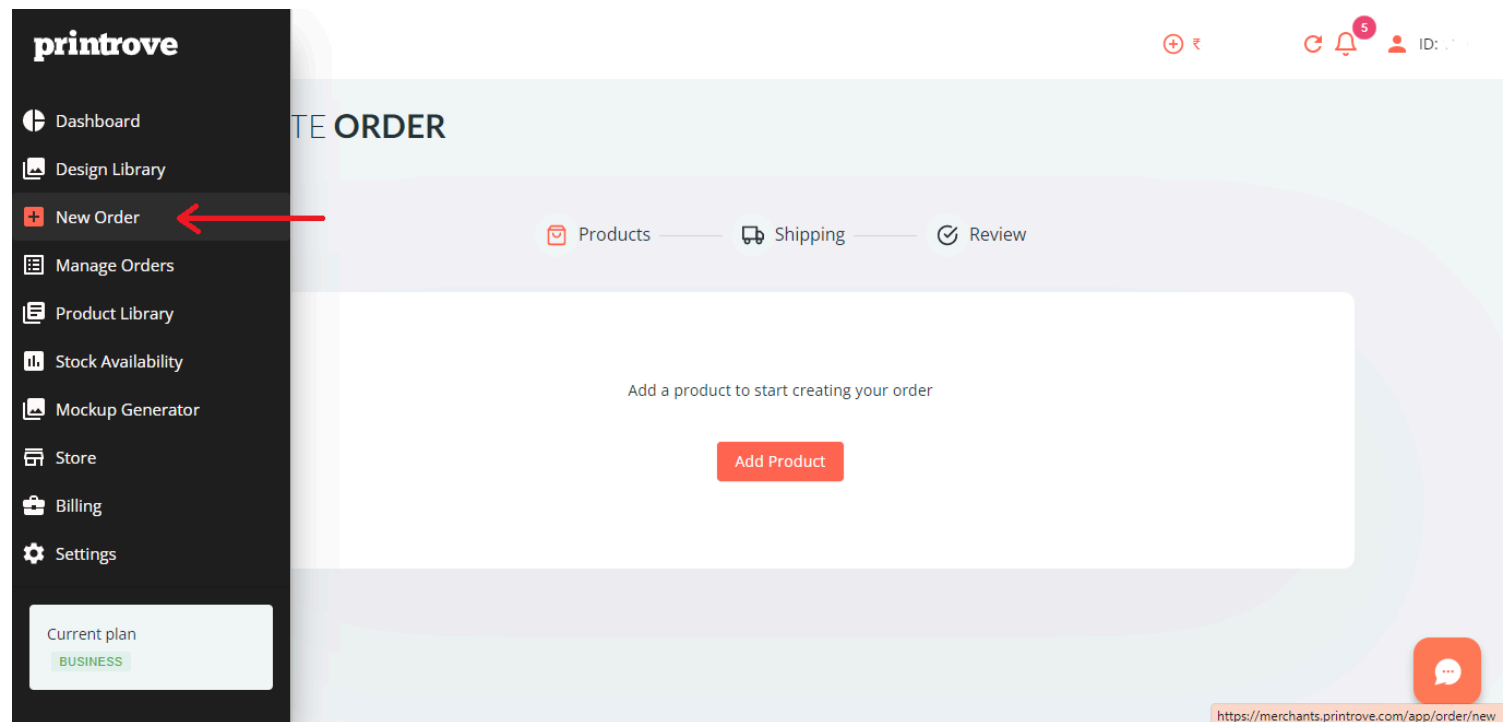

There are **2 ways** you can **quickly** place your Amazon Orders on Printrove.

Through the Product Library.

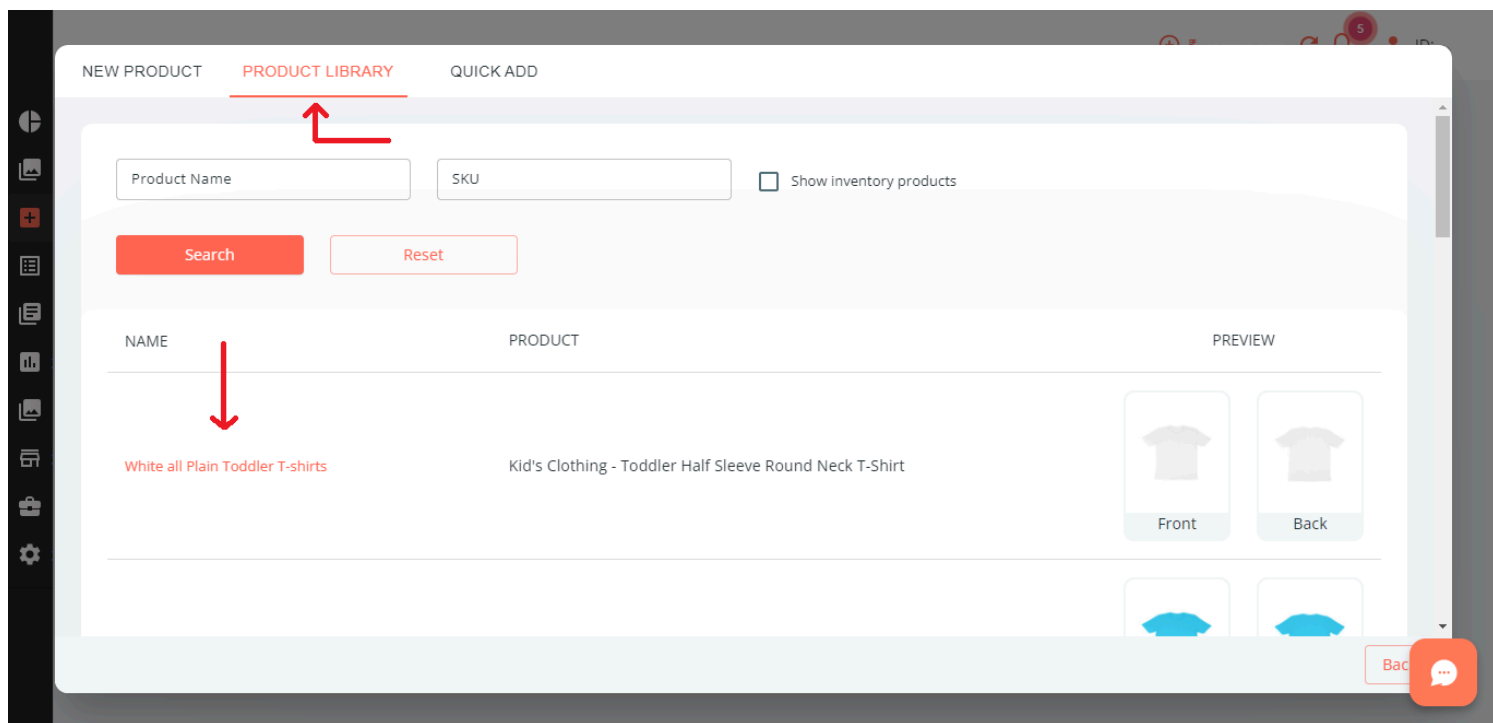

Place your Amazon Orders through the Product Library in just **6 steps**.

Step 1: Login to your [Merchant Panel](#).

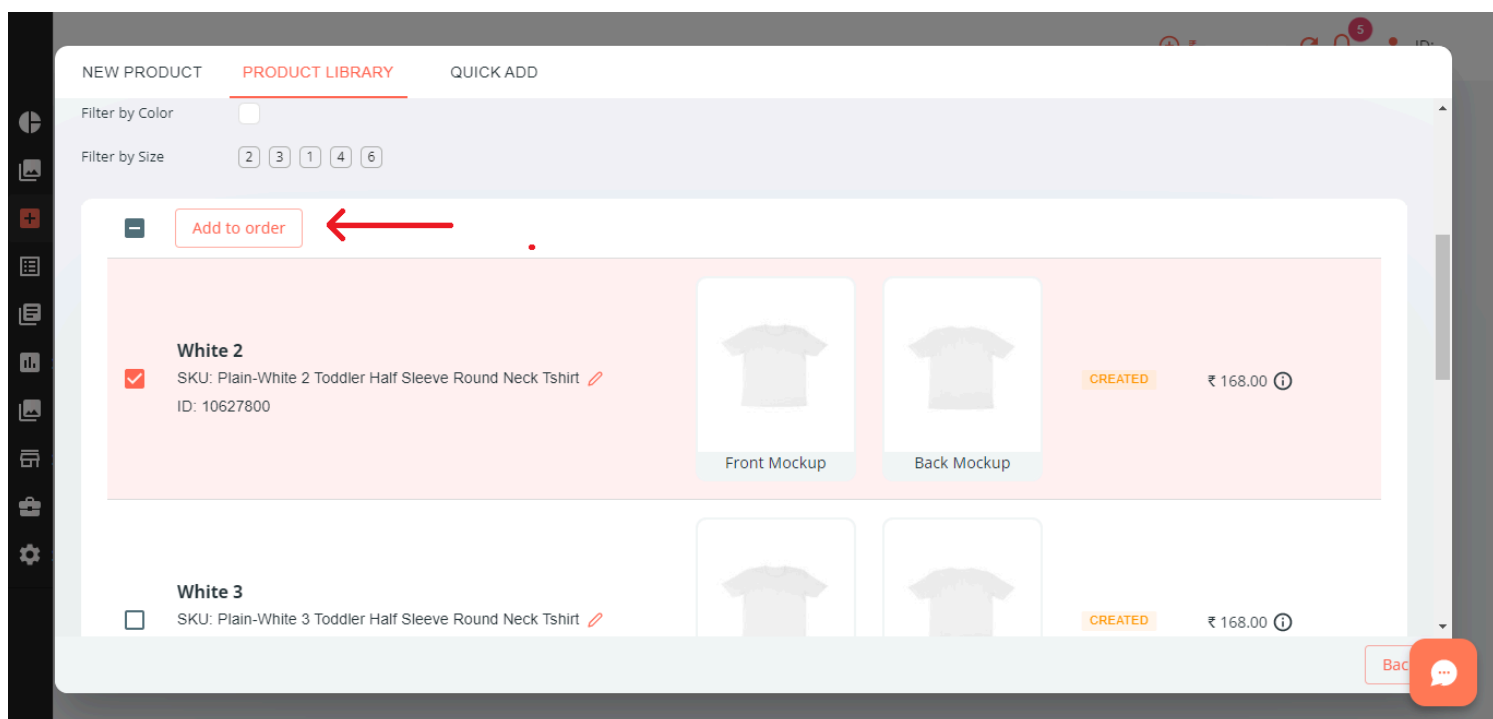

Step 2: Head over to **New Order**.

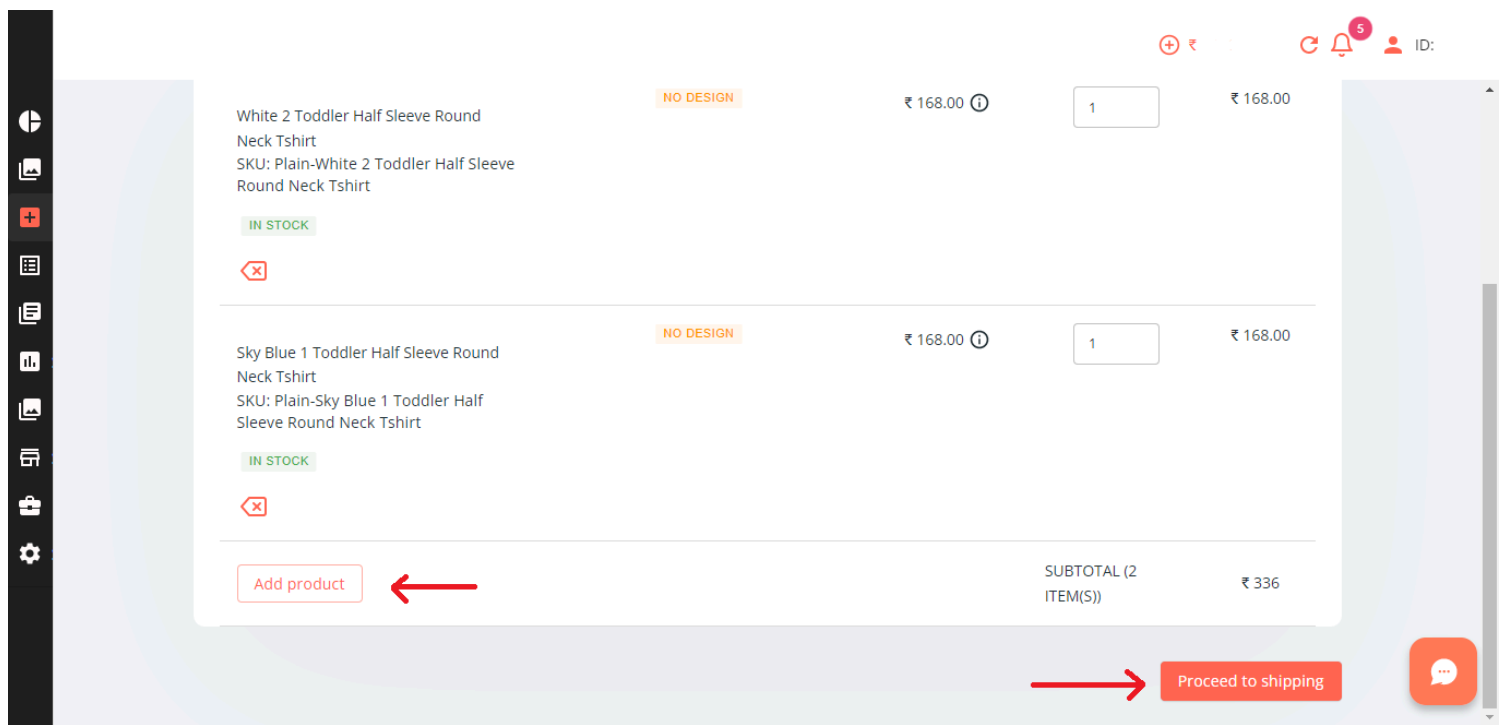

Step 3: Under the **Product Library** section, **click** on the product you would like to add to the order.

Step 4: Select the **Variant** and click on **Add to Order**.

Step 5: Once you have added all the required products in the order, you can **Proceed to Shipping**.

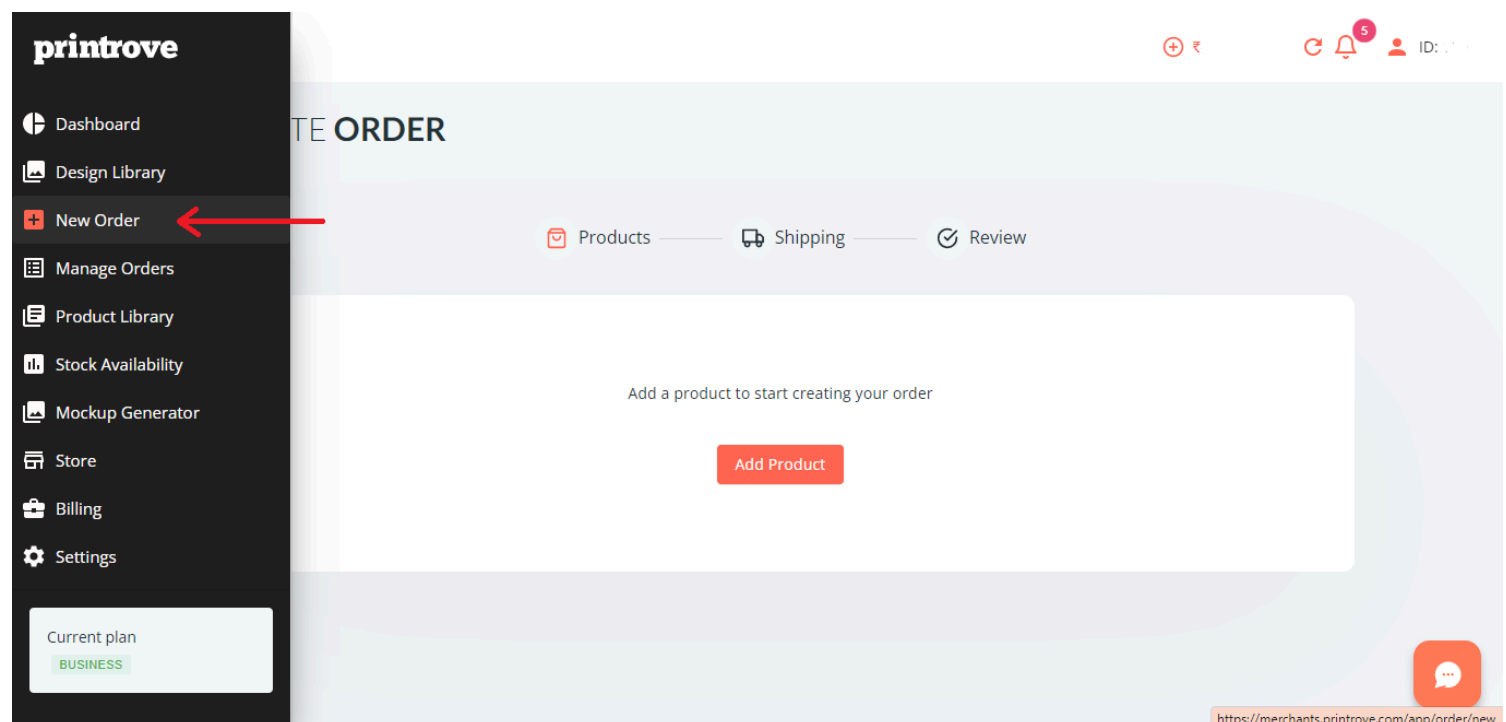

Step 6: Fill out the **customer shipping details** and **place it** once reviewed.

Through Quick Add.

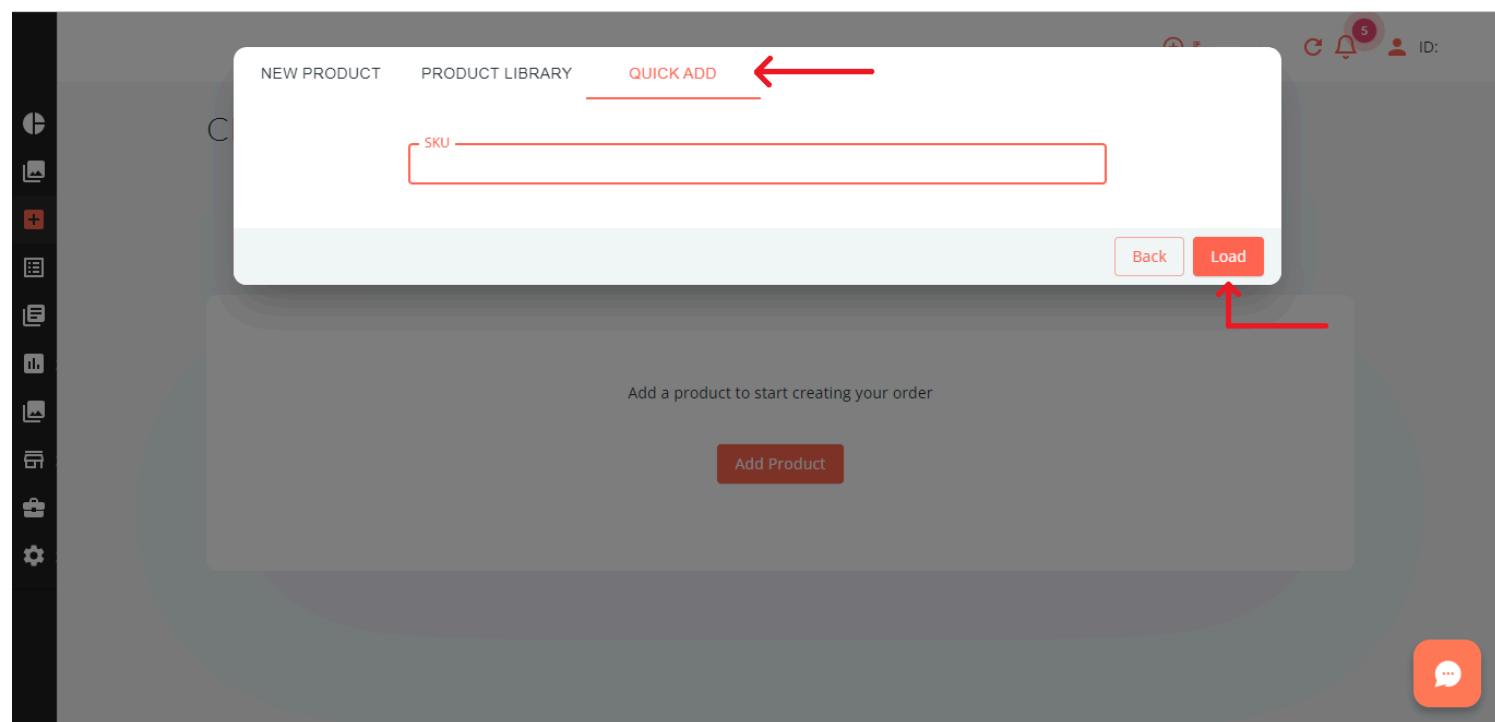

Place your Amazon Orders through Quick Add in just **5 steps**.

Step 1: Login to your [Merchant Panel](#).

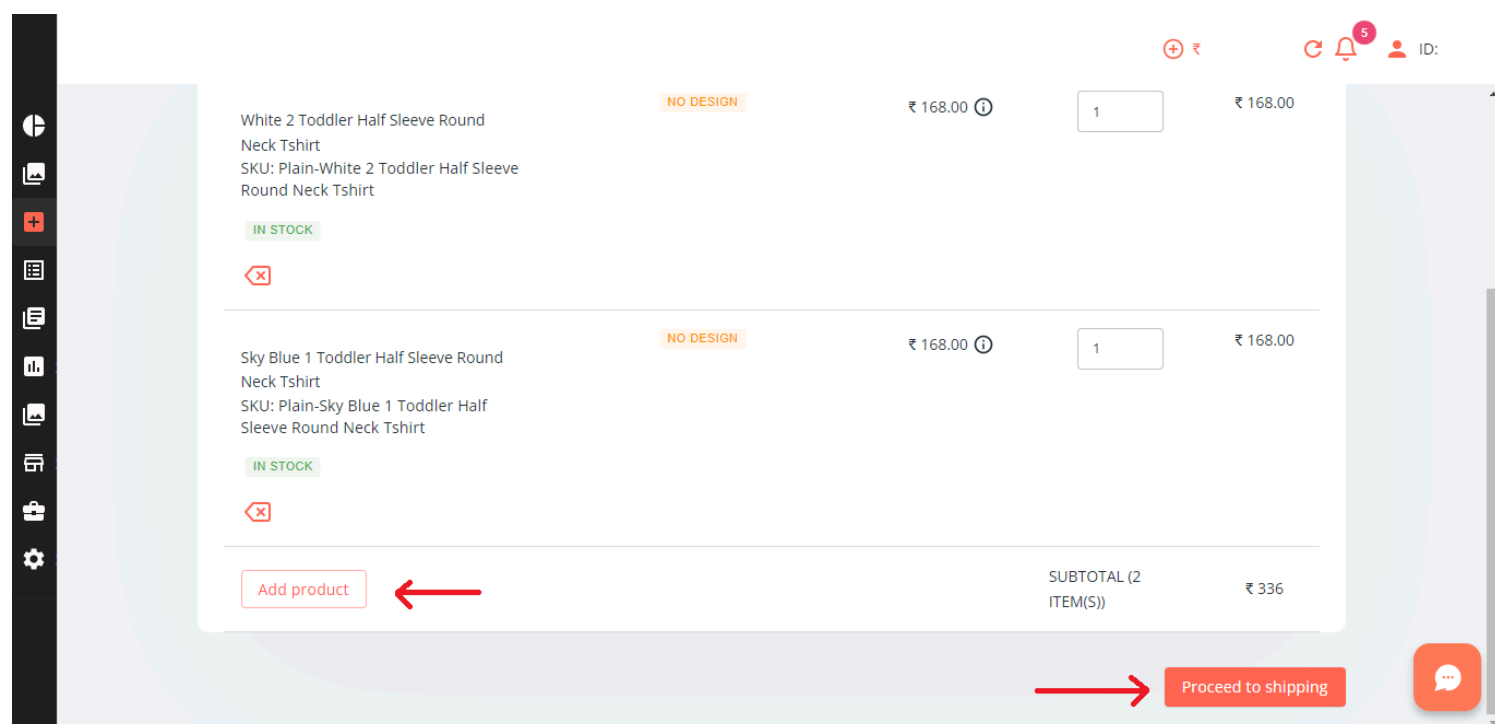

Step 2: Head over to **New Order**.

Step 3: In the **Quick Add** section, type in or copy paste the **SKU** of the product variant and click on **Load**.

Step 4: Once you have added all the required products in the order, you can **Proceed to Shipping**.

Step 5: Fill out the **customer shipping details** and **place it** once reviewed.

It's that simple! With these two options, you can easily place your Amazon orders with Printrove and take advantage of our print-on-demand services.
